di datatablefield untuk filed yang dimaksud tambahkan di FormatRef nya sesuai keinginan jika ingin ang maka diisi number jika inging huruf semua maka di kolom formatref diisi script berikut

```
var result = false;
var text = Ext.ComponentQuery.query('[name=MinovaGridFormEditPHRPA0003]')[0].getValues().BankAccountName;
for (let i = 0; i < 10; i++) {
if (result == false) { result = text.includes(String(i));}
}
if (result == true) {
var setfield = Ext.ComponentQuery.query('[name=MinovaGridFormEditPHRPA0003]')[0].getForm();
setfield.findField('BankAccountName').setValue();
}
}
```
