Dear Yomma,
sesuai diskusi, minta tolong untuk dapat ditambahkan calculate untuk vacant position ya

The screenshot shows the 'Budget Calculation' web application. The header includes a breadcrumb 'HOME > BUDGET CALCULATION'. The main form has two sections: 'Budget Calculation' and 'Budget Result'. The 'Budget Calculation' section contains input fields for 'Scenario Desc' (000000008 - Scenario), 'Start Date' (01/01/2023), 'End Date' (31/12/2023), 'Object Type' (Position), and 'Position' (00000009 - Pemimpin Kele... with a search icon). The 'Budget Result' section has 'Save' and 'Export' buttons. Below the form is a table with columns: Start Date, End Date, Cost Object ID, Cost Object Ty..., Scenar..., Employee Group, Company ID, Cost Cent..., Cost Eleme..., Wage Ty..., Amount Ba..., Percentage Increa..., and Amount I... The table currently displays 'No Data Display'.

Posisi yang sudah d tambahkan di position object detail adalah **position ID 00000009 di tabel PHROM0006 untuk field MidSalary**

thanks Yoms
