The screenshot shows the 'Import Travel Data' page in the Bank Kalteng HR Admin system. The page has a sidebar with navigation options like 'Human Resource', 'HR Administration', and 'Travel Management'. The main content area is titled 'Import Travel Data' and contains an 'Import Master Data' section. In this section, a file named 'C:\fakepath\PHRPA0060 (2).xls' is selected, and the 'Execute' radio button is chosen. A blue 'Import' button is visible on the right side of the form. Below the form, there is a 'Result' section with a 'Summary' table showing 0 Success, 0 Error, and 0 Warning. At the bottom of the result section, there is a table with columns for 'Record ID', 'Status', 'LogID', and 'Log'.
