Description

Dear Pak Yusuf dan Team,

Mohon bantuan nya memperbaiki case berikut ini:

The screenshot shows the MinovaES Job Catalog search interface. The 'Search Object' tab is active, displaying a search form with the following fields: Date (29/07/2022), Object Class (dropdown), Object ID (dropdown with options O and P), Object Description, and Status. The 'Result' table below shows two entries: 'Q' with Object ID '00000001' and description 'Pengetahuan dan keterampilan kerja', and 'Q' with Object ID '00000002' and description 'Inisiatif'.

Pada bagian search by object tidak sesuai dengan Job catalog dan Resultnya. Pada object class malah muncul O dan P yang seharusnya object class yang pada Job Catalog.
