### Description

dear tim developer mohon support nya untuk perbaikan pada ess dimana pada saat melakukan submit terjadi error calculate first padahal sudah di calculate.

The screenshot shows the 'Employee Self Service' interface for 'BANK MEGA SYARIAH'. The main content area is titled 'MD PMS' and contains a table with columns for 'Qual Group', 'Qual ID', 'Weight', 'Self Score', and 'Remark'. Below the table, there is a 'Summary' section with input fields for 'Weight' (100), 'Competency' (0), 'Calculated Score' (0), and 'Adjusted Score'. A red box highlights an error dialog box that says 'Error: Must be Calculate First' with an 'OK' button. The interface also includes a 'Komentar dan Rekomendasi' section and an 'Action' bar at the bottom with 'Create', 'Submit', and 'Cancel' options.

- Assignee changed from Saswanto Tampan to Muhammad Bintar

dear masbin , udah bisa di test ya

package : E:\APP\BMS\WebClient\erp\controller\wf\pmsperform\ctr\_pfdir.js

update di before submitnya :

```
onDocumentBeforeSubmit: function (submit, taskId, me) {
    var KPIVALUE = '0';
    var RecKPI = me.getGridKPI().store.getRange();
    if (taskId === 'start' || taskId === ''){
        KPIVALUE="1";
    } else {
        for (let i = 0; i < RecKPI.length; i++) {
            if(RecKPI [i].data.kpi_appl_value.toString()!="0"){
                KPIVALUE="1";
            }
        }
    }
}

if (taskId === 'start' || taskId === ''){
    var calculatedo = "1";
} else {
    var calculatedo = MinovaUtil.WORKFLOW.getViewBodyWorkflow().down('textfield[name=sum_calculated_kpi]').getValue();
}
```

makasih
