Description

Dear Azid,

Mohon bantuannya untuk memperbaiki bug berikut ini

The screenshot shows the 'Add Role Parameter' form in the KJL system. The form fields are as follows:

Start Date:	20/01/2023	Is Active:	Yes
End Date:	31/12/9999	Notes:	Payroll Data
Menu ID:	<input type="text"/>	Create By:	minovais
Role ID:	Payroll Administration	Create Date:	06/06/2016 11:23:24
Menu Action:	Read & Write	Change By:	minovais
		Change Date:	11/08/2016 14:19:10

The Menu ID field is highlighted in red, indicating an error. The Role ID is set to 'Payroll Administration' and Menu Action is 'Read & Write'. The interface also shows a list of existing Role Parameters and a navigation menu on the left.

Pada saat memilih Menu ID ketika di klik Menu ID yang di pilih tidak ter select dan pada field Menu Action sudah di isi tetapi masih berwarna merah tampilan kolom nya.
