Description

Dear, Team Dev.

Mohon bantuannya untuk menampilkan report Merit Increase, karena pada saat ini report belum muncul.

The screenshot shows a web browser window with multiple tabs. The active tab is 'Minova ES | Merit Ince...', displaying a URL: 'remote.minovais.com:31124/Page/reports?Kesk7uGP56o='. The page title is 'BANK FAMA'. The user is logged in as 'Kevin Jonathan'. The left sidebar shows the 'HRIS Menu' with categories like 'My Workplace', 'Master Data', 'Human Resource', 'HR Administration', 'Time Management', 'Time Report', 'Payroll Administration', and 'Payroll Accounting'. The 'Merit Increase' report is selected. The 'Report Parameter' section shows filters for Period (2021), Company ID (PT. BANK FAMA IN), Version Code (2021), Employee ID From (00000010), Employee ID To (2021020), Cost Center, and Organization. The 'Report Result' section shows an error message: 'An error has occurred during report processing. Query execution failed for dataset: 'dsContent'. For more information about this error navigate to the report server on the local server machine, or enable remote errors'. The error message is highlighted with a red box. The bottom of the screenshot shows the Windows taskbar with the time 4:52 PM on 2/19/2021.

Terima Kasih.
