| Dear Azid,                                                                                                                                                                                                                               |                         |                        |            |
| Mohon bantuannya membuatkan query untuk task-task mail sesuai flownya:                                                                                                                                                                   |                         |                        |            |
| 1.push_mail_ds<br>2.push_mail_ds2<br>3.push_mail_ds3<br>4.push_mail_ds4<br>5.push_mail_director<br>6.push_mail_nha<br>7.push_mail_dir_bs<br>8.mail_reject<br>9.revise_mail_creator                                                       |                         |                        |            |
| Untuk body-bodynya sudah gue benerin tolong untuk taskID2 Mail selain "push_mail_ds" dibikinkan querynya juga. Jika memungkinkan akan lebih bagus jika comment pada saat revise dan reject di tampilkan di email yang masuk ke karyawan. |                         |                        |            |
