Description

dear tim developer, mohon support nya untuk perbaikan ess cuti dimana saat ini jika melakukan pengajuan cuti khusus(contoh cuti kawin), terjadi validasi anda tidak berhak melakukan pengambiln cuti. seharusnya employee tersebut walau masih bekerja di bawah 1 tahun untuk cuti khusus boleh mengambil cuti itu, kecuali cuti annual leave tidak boleh di ambil.

contoh employee 20220797

The screenshot shows the 'Human Resource Management System Employee Self Service' interface. The user is logged in as 'Welcome Minovais'. The left sidebar contains a menu with options like 'Organization Structure', 'Workflow Configuration', 'Development Workbench', 'Business Process Viewer', 'Change Password', 'My Workplace', 'Archive', 'Draft', 'Inbox', 'Outbox', 'Request', and 'My Report'. The main content area is titled 'Leave' and contains a form for requesting leave. The form has a 'Header' section with 'Requester ID: 20220797', 'Requester Name: OKTAVIA MARIA RAPAR', 'Subject:', and 'Description:'. Below this is a 'Main' section with 'Absence Type: Cuti Khusus - Cuti Kawin', 'Start Date:', 'End Date:', 'Total Quota Taken: 0', and 'Reason For Leave:'. To the right of the 'Main' section are fields for 'Leave Quota: 0', 'Remaining Quota: 0', 'Quota taken:', 'Total Remaining Quota: 0', and 'Next Quota:'. An error message box is overlaid on the form, stating 'Error: Anda belum diperkenankan untuk melakukan pengajuan cuti'.
