Target version:		Spent time:	8.00 hours
Description			
Dear Sofwan,			
Untuk menu copy master data buat button copy di screen awal trus kalo di klik muncul popup untuk input material ref nya dan material barunya. Trus langsung terbentuk material sesuai External ID yg diinput dan Internal ID sesuai running dan field2 lain persis sama dengan master yg di copy nya.			
Untuk menu Copy Doc masukan juga External ID Doc lama dan External ID Doc baru selebihnya hasilnya sama. Doc Number dan proses ID sesuai generate running number.			

History

- Assignee changed from shofwan shiddiq to indra Z

Dear Bang Indra, Untuk menu Copy Document sudah di Menu Sales, Purchase, dan Inventory..

Mohon di Testing terlebih dahulu, kalau sudah oke, saya akan deploy menu Copy di Menu Production dan Master Data
