Description

Dear mas Shofwan,

Setelah melakukan penambahan field document type di report parameter, saat view report di sales recap dan detail terjadi error.

Report Result

Server Error in '/' Application.

Runtime Error

Description: An application error occurred on the server. The current custom error settings for this application prevent the details of the application error from being viewed remotely (for security reasons). It could, however, be viewed by browsers running on the local server machine.

Details: To enable the details of this specific error message to be viewable on remote machines, please create a <customErrors> tag within a "web.config" configuration file located in the root directory of the current web application. This <customErrors> tag should then have its "mode" attribute set to "Off".

Menu: Sales Management > Sales Report > Sales Recap
Port: <http://remote.minovais.com:61138/>
Server: remote.minovais.com,1452
DB: MinovaES_KJL_Prod

Terima kasih.
