Description

Dear Shofwan,

Untuk Report Sales Detail ingin ada beberapa perbaikan; yaitu sebagai berikut:

-Kolom Quantity Material dan Unit Material dihilangkan saja

-Kolom Unit Transaction masih menampilkan kode, harusnya langsung deskripsinya (seperti pcs, mm, kg, dsb.) (dari Tabel PCMFILOUNITMEASURE)

-Kolom Item Type ingin mengambil dari field Material Type yang ada di Material Master Data (Tabel PMDMAT0001)

-Kolom Material ingin ditampilkan dengan format Material Code - Description (kalau bisa tampilannya dibikin Center juga seperti judul kolom "Material" nya)

Note: Kalau bisa separasi antar kolomnya tolong agar dibuat lebih jelas.

Menu Path: Logistic & Service > Sales Management > Sales Report > Sales Detail

Port: <http://remote.minovais.com:61138/>

DB: MinovaES_KJL_Prod (di 1452)

Terima kasih.
