The screenshot shows the MinovaERP Development Workbench interface. The left sidebar contains the 'MinovaERP Menu' with categories like HR Administration, HR Planning & Development, HR Intelligence, System Administration, System Implementation, Development Menu, Menu Management, Program Management, Application & Module, Development Workbench, Flow Designer, Relation Program & BizFlow, Report Generator, OM Recap, and Csv LDAP. The 'Development Workbench' is selected, showing a tree view of objects. The 'Rpt\_Mega\_PY' filter is selected in the tree view, and the 'FnEmpList' object is highlighted. The right-hand pane shows the 'Object Name: FnEmpList' and 'Object Class: ' (empty). The 'Object Type' is set to 'CODE'. The 'Code' field contains the following JavaScript code: 

```
objMain.layout = 'border';
var userid = localStorage['MyuserIdLogin'];
var status_grid = new Ext.data.JsonStore({
  autoLoad: true,
  fields: ['code', 'desc', 'code_desc'],
  method: 'GET',
  sortInfo: {
    field: 'code',
    direction: 'ASC'
  },
  url: '/UserController/DataCombo/?
tableName=base_cust_ref_emp_status&value=emp_status&display=description'
});
```

 The 'Code Is On The Fly?' checkbox is unchecked. Red handwritten annotations are present: '1' points to 'Development Menu' in the menu; '2' points to 'Development Workbench' in the menu; '3' points to the 'Rpt\_Mega\_PY' filter in the tree view; '4' points to 'FnEmpList' in the tree view. A red arrow points to the 'CODE' tab in the right-hand pane.

tolong ini hold dl, tgg kesepakatan mandays nya dl Tks

#3 - 07/12/2024 10:03 AM - Kezia Pawitra Yulianti

- Status changed from New to Assigned

- Assignee changed from Muhammad Bintar to Mohammad Daud

untuk issue ini, tolong d rekap dl dgn issue2 lain brp mandays yg sudah dipakai untuk fixing issue ini.

Yang penting kita sepakat di dgn client untuk pemotongan mandaysnya

Tks
