Description

dear tim developer. mohon supportnya untuk perbaikan pada tm to payroll dimana: Karyawan a/n Ria Puspitasari (20040270) ada terlambat di tanggal 24,25,27,28 di jam 10.30 tapi akumulasi keterlambatan nya tidak menghitung.

ini sama seperti kasus kemarin, untuk engine nya sudah fix mbak cuma yang sekarang untuk akumulasi keterlambatan nya di tanggal lain jadi tidak menghitung.

The screenshot shows the Minovais HR system interface. At the top, there's a navigation bar with 'Home', 'Employee Reminder', and 'TM to Payroll'. Below that, there are filters for 'From Date' (01/05/2024), 'To Date' (31/05/2024), 'Payroll Date' (22/07/2024), 'Office', 'Pay Group' (Payroll Cabang (S)), 'Employee ID From' (RIA PUSPITASARI), and 'Employee ID To' (RIA PUSPITASARI). The main data table has columns for attendance types (AL, PL, CL, SL, A, PT) and various deduction fields. The 'Akumulasi Keterlambatan' field is highlighted with a red box, showing a value of 0.02. Below the main table, there's a detailed view of the attendance records for employee RIA PUSPITASARI. The 'time_start' column for dates 20240524, 20240525, 20240527, and 20240528 is highlighted with a red box, all showing a value of 1030.

- Status changed from New to Developing

Fixing :

Update table base_cust_parameter - param : IMFI_HR_TM_Attendance_Code - tambahkan attendacetype yg mau dihitung keterlambatannya.

Untuk case diatas, sudah didaftarkan attendacetype tsb.

Tolong dites lg, terimakasih.

```
SELECT * FROM base_cust_parameter where param IN ('IMFI_TTP_NX_WS8HOUR','IMFI_TTP_NX_WS7HOUR','IMFI_HR_TM_Attendance_Code')
```
