The screenshot shows the PERTALIFE recruitment management system interface. The top navigation bar includes menu items like My Workplace, Master Data, Financial Accounting, Human Resource, Logistic & Service, Business Intelligence, Menu Development, and System Administration. A search bar and user profile 'tasya' are also visible. The main content area is titled 'Form Applicant CV' with a breadcrumb 'HOME > REPORT'. Below this, there is a 'Report Parameter' section with an 'Applicant ID' field containing '00000321' and a 'View Report' button. The 'Report Result' section shows a message: 'An error has occurred during report processing. Query execution failed for dataset 'dsPA'. For more information about this error navigate to the report server on the local server machine, or enable remote errors'. A pagination bar at the bottom of the report area shows 'of 0' and an 'Export' button.
