### History

#### #1 - 10/28/2024 12:58 PM - M Azid Wahyudi

- Status changed from New to QA Test
- Assignee changed from M Azid Wahyudi to Muhammad Bintar

dear masbin , udah bisa di test ya

note : tambahan rapihin UI

package :

dll UI (MinovaIS.MinovaES.Web.UI) // C:\ClientManagement\BIA\_BaseServerCloud\UI\bin  
controller (controllerperformance) // C:\ClientManagement\BIA\_BaseServerCloud\UI\app\controller\performance  
table (PHRPMFORMPARAM)

makasih

#### #2 - 10/28/2024 03:47 PM - Muhammad Bintar

- Status changed from QA Test to Closed
- Assignee changed from Muhammad Bintar to M Azid Wahyudi

okeh sudah di deploy ke BIA

#### #3 - 10/29/2024 05:56 PM - Muhammad Bintar

- File clipboard-202410291755-yg5z2.jpg added
- Status changed from Closed to Assigned

setelah di deploy ke client,  
terjadi report report yang tidak bisa dibuka.

The screenshot shows a web application interface for 'Performance Report Monitoring'. The top navigation bar includes 'My Workplace', 'Human Resource', and 'System Administration'. The user is identified as 'Sopian Saputra'. The page title is 'Performance Report Monitoring' with a breadcrumb 'HOME > REPORT'. Below the title is a 'Report Parameter' section with input fields for 'Period' (set to 2024), 'Organization', and 'Employee ID', along with a 'View Report' button. The 'Report Result' section displays a red error message: 'Server Error in '/' Application.' followed by a 'Runtime Error' section. The error details include a description of an application error and a configuration snippet for 'Web.Config' showing the 'mode="Off"' attribute for 'customErrors'.

```
<!-- Web.Config Configuration File -->
<configuration>
  <system.web>
    <customErrors mode="Off"/>
  </system.web>
```

setelah dicabut MinovaES.Web.UI nya, report tersebut normal kembali.
