Target version:		Spent time:	0.00 hour
Description			
Dear Developer,			
Mohon bantuannya untuk menampilkan Value pada field Subject ESS workflowReport (PDSWFREPORT0002) sesuai parameter pada tabel PCWFCONFIG			
How To :			
Cek REGID terkait pada PCMWFRUNBIZDATA field BizProcessID,			
Jika pada tabel PCWFCONFIG field Menu = (nama BizProcessID) dari RunBiz Terkait, maka Show from field Value			
apabila ada penambahan untuk show subject dari ESS lain, maka hanya tinggal menambah parameter di tabel PCWFCONFIG, would that Possible to do??
