Description Dear Developer, Lookup ResourceID yg ada di tab Resource tidak bisa. Jadi 'kan tadinya field ResourceID ini freetext. Lalu saya ubah di SDATATABLEFIELD menjadi Search Type 2 (lookup search). Icon lookup searchnya sudah muncul di field (seperti di foto yang saya attach), tapi ketika diklik blm bisa. Inginnya itu bisa memunculkan daftar AssetID yang ada. Tolong bantu diperbaiki ya. Tabel Tab Resource: PTRPRODUCTIONLABORS Tabel Asset ID: PMDAST0002 Menu Path: Logistic & Service > Production Management > Production Order > Mixing, Extrusion, Flexing, Wrapping (tab Resource) Port: http://remote.minovais.com:61138/ DB: MinovaES_KJL_Prod (1452)
