dear masbin , untuk pengajuan cuti besar atau kode 03 ada ketentuan tersendiri dari sebelumnya yaitu

1. pengajuan di waktu terakhir aktif yang dimana enddatanya 9991231
2. Employee statusnya yang aktif
3. hanya berlaku pegawai tetap

```
//must check
if (request.absence_type == "03")
{
    DateTime sdate = Convert.ToDateTime(request.date_from.ToString(), culture);
    DateTime edate = Convert.ToDateTime(request.date_to.ToString(), culture);
    DateTime today = DateTime.Today;
    var sqlQueryPA02 = $"SELECT TOP(1) * FROM dbo.PHRPA0002 WHERE EndDate='99991231' AND EmployeeStatus='01' AND EmployeeType='01' and EmployeeID='{EmpId}' + EmpId + ""';
    var queryPA02 = dbAccess.ExecuteToDictionary(paramIn, ref paramOut, sqlQueryPA02, ref errorMessage);
    if (!queryPA02.Any())
    {
        result.message_type = message_type.WARNING;
        result.message = "Anda tidak berhak mengajukan jenis cuti ini";
        return result;
    }
    //if (Convert.ToInt32(sdate.Day) == 1)
    //{
        // var startDate = new DateTime(sdate.Year, sdate.Month, 1);
        // var endDate = startDate.AddMonths(1).AddDays(-1);
        // if (edate != endDate)
        // {
            // result.message_type = message_type.WARNING;
            // result.message = "Minimal pengambilan cuti sampai akhir bulan test";
            // return result;
        // }
    // }
    //if (Convert.ToInt32(sdate.Day) != 1)
    //{
        // if (Convert.ToInt32(request.duration) < 10)
        // {
            // result.message_type = message_type.WARNING;
            // result.message = "Minimal pengambilan cuti 10 hari";
            // return result;
        // }
    // }
}
```

note : kalau mau di takeout harap diskusi dulu sama bang daud dan mba yaya
makasih

untuk kondisi enddate 99991231 kayaknya perlu di take out. yg harus di tambahin kondisinya adalah ngecek periode cutinya supaya sesuai dgn kondisi lain baik status maupun type.

dear masbin , udah bisa di test ya

package :
MinovaIS.Mobile.API

makasih
