Target version:		Spent time:	0.00 hour
Description			
Dear mas Azid,			
Terkait case issue null kemarin di Prod BMS, mohon bantuannya untuk melakukan debug di localhost.			
Issue yang terjadi adalah:			
1. Saat di test melakukan update master data, terkadang muncul pesan null ketika di save (API Post atau Put tidak ter hit).			
2. Pada modul Payroll (Basic Data, Regular, dan Additional Data), field amount tidak ter get di UI, namun saat dicek di DB Prod BMS, data amount nya muncul.			
Mohon dicek issue ini sambil menunggu requirement yang masih kurang dari pihak mereka, yaitu:			
1. Webconfig (Done)			
2. Foto Last Modified di API 1 (Awaiting)			
3. Foto Element Services di API (Awaiting)			
Terima kasih.
