Description			
Dear Mba Yoma,			
Ada Case di Tuman mba, saat pengajuan ESS training, pas employee nya milih Training List di form Training Detail, seharusnya setelah employee nya pilih training list, maka field yang lainnya yang terdapat dalam form Training detail akan autofill sesuai dengan table reference yang terikat. Tapi di case ini, bagian Organizer, Start Date, End Date, Location, Delivery Method & Price nya ga keisi. Kemungkinan ada fungsi autoloading & autofill nya yang belum di define.			
Beberapa list table:			
PCMWFDEFBIZPROC (BizProcessID: AJTM_TRAINING)			
PCMWFDEFBIZFLOW (BizFlowID: TRAINING_AJTM)			
PCMWFDEFBIZDATA (BizProcessID: AJTM_TRAINING, TaskID: create)			
Mohon bantuannya mba, Makasiii
