- Status changed from QA Test to New
- Assignee changed from fernando sergio rumbayan to M Azid Wahyudi
- Priority changed from Immediate to Normal

Dear AZID,

Masih terjadi Bug mang Azid.

The screenshot displays the MINOVAIS Skills report interface. On the left is a dark sidebar with a navigation menu. The main content area is titled 'Skills' with a breadcrumb 'HOME > REPORT'. Below this is a 'Report Parameter' section with two tabs: 'Simple' (selected) and 'Advance'. The 'Simple' tab contains five dropdown menus: 'Company ID' (PT Bank Mega Syariah), 'Employee Area' (Head Office), 'Employee Office' (empty), 'Employee Status' (Resign/Withdrawn), and 'Employee Level Type' (Permanent). A 'View Report' button is on the right. Below the parameters is a 'Report Result' section. It features a pagination bar showing '1 of 0' and an 'Export' button. An error message is displayed: 'An error has occurred during report processing. Query execution failed for dataset 'dsSkill'. For more information about this error navigate to the report server on the local server machine, or enable remote errors'.
