The screenshot shows the MINOVAIS web application interface. The top navigation bar includes 'My Workplace', 'Human Resource', 'Menu Development', and 'System Administration'. A search bar and user profile 'Nando' are also visible. The main content area is titled 'Wage Type Recap' and contains a 'Report Parameter' section with the following fields: Employee ID From (00000010), Employee ID To (00000010), Payroll Group (Payroll Mega Syariah), Cost Center From (Internal Audit & Internal Cc), Pay Period Year (10 - 2020), and Report Type. A 'View Report' button is located to the right of the parameters. Below the parameters is a 'Report Result' section displaying a red error message: 'Server Error in '/' Application.' followed by a 'Runtime Error' description and details. The error details mention a configuration file: '<!-- Web.Config Configuration File -->'. A sidebar on the left lists various system functions like 'Delete Payroll Result', 'Payroll Report', and 'Wage Type Recap'.
