Dear Alip,

mohon untuk dibuatkan flow approval yg melihat dari matrix approval ya dgn bbrp kondisi sbb:

1. Ada dimensi level karyawan, jenis cuti, maksimal level approver
2. Jika ada posisi kosong, maka tolong cek master data secondary job jika ada karyawan yg mengisi posisi tsb maka employee tsb yg akan approve
3. Jika posisi kosong dan sudah sampai pada level maks approver, maka req id akan di buat direct masuk ke inbox admin (yg di set di dalam gen param)

Thanks

Dear Alip,

Mohon bantuannya untuk flow matrix approval,

Jika Posisi Requester diatas MAX Organisasi Levelnya, maka dibuatkan flow untuk MAX ORG = 10
