Description

Dear Mang Wanto,

Mohon bantuannya untuk memperbaiki tampilan pada UI Cost Center, pada saat masuk ke detail Object Class "CC" tamilan loading terus.

DB : 192.168.3.77\SQLSERVER2014

The screenshot shows the BANK KALTENG application interface. On the left is a navigation menu with categories like My Workplace, Master Data, Human Resource, Business Intelligence, Menu Development, and System Administration. The main area displays a 'Search Tree' table with columns for Object Tree, ID, Object Class, Abbr, Start Date, End Date, Vacant Status, View, and Edit. The table lists various object classes under 'BANK KALTENG' and 'KANTOR PUSAT', including 'Divisi Treasury', 'Divisi Audit Intern', 'Divisi Bisnis', etc. Below the table, there is a 'General Data' section for 'CC - 00000001 - Divisi Treasury' with tabs for General Data, Relationship, Description, Cost Center Object, Cost Element Varie, Payroll Budget, and General Budget. A 'Loading...' spinner is visible at the bottom of the page.
