The screenshot shows the 'Generate Absence Quota' interface in the Minova ES system. The form includes fields for 'Generate Type' (set to 'Hiring Date'), 'Start Date', 'End Date', 'Period From' (02 - 2022), and 'Period To' (03 - 2022). Below the form is an 'Employee Filter' section with dropdowns for 'Employee Type', 'Employee Level Type', 'Payroll Grade From', and 'Payroll Grade To'. To the right, there are input fields for 'Start Deduction', 'End Deduction', 'Absence Quota Type' (set to 'Annual Leave'), and 'Quota' (set to 12). An 'Execute' button is located at the bottom right of the form. Below the form, a 'Result' table is displayed, showing a list of employees and their absence quotas. The table has columns for 'Start Date', 'End Date', 'Absence Quota Type', 'Emp ID', 'Full Name', 'Start Deduction', 'End Deduction', 'Original Quo...', 'Remaining Quo...', and 'Notes'. The table contains four rows of data, with the first three rows highlighted in blue.
