Target version:		Spent time:	0.00 hour

Description

Dear, Mang Wanto.

mohon bantuannya untuk memperbaiki filteran menu export employee data, karna jika filter hanya diisi master data saja. data bisa di export, akan tetapi jika filter diisi lebih dari 1 filter. maka yang terdownload hanya template. datanya tdk terexport.

Terima Kasih.

Port : 31134

MenuID : PA06

The screenshot displays the 'Export Employee Data' interface in the Minova ES system. The left sidebar contains a tree view with 'Export Employee Data' selected. The main panel, titled 'Export Master Data - Personal Administration', contains a form with several input fields and dropdown menus for filtering data. A red rectangular box highlights this filter section. To the right of the form, there are two buttons: 'Download Template' and 'Export'. The 'Export' button is also highlighted with a red box, and a red arrow points from the filter section to it. The browser's address bar shows the URL 'remote.minovais.com:31134/Page/exportMD?J8wqunC43kfufuw3cy98Gx8Dh+XNMeJw'. The Windows taskbar at the bottom shows multiple open Excel files named 'PHRPA0007 (X).xls' and the system clock indicates 5:35 PM on 2/16/2022.
